EXPERIENCE

BRANDSTORY DIGITAL | Web Development
Sep 2024 – Nill | Bangalore
• Developed responsive and visually appealing websites using HTML, CSS, Bootstrap, JavaScript, and customized WordPress sites with PHP, ACF, and popular page builders.
• Improved website performance and SEO by optimizing speed, accessibility, and search engine rankings across platforms including WordPress and Shopify.
• Collaborated with design and content teams to deliver high-quality websites, manage product listings, and resolve layout and functionality issues.

INTERNSHIPS

DIGISAILOR | Flutter Development Intern
May 2024 – Jun 2024 | TamilNadu - Thoothukudi
• Gained hands-on experience in developing cross-platform mobile apps using Flutter and collaborated with the team to improve app functionality.

DYNAMIC SCIENTIFIC RESEARCH TECHNOLOGY | Mobile app
Dec 2022 – Feb 2023 | TamilNadu - Tirunelveli
• I completed a six-month internship at DSRT, where I worked on diverse projects that challenged me and helped me grow both technically and professionally.

PROJECTS

CLIPON | Visit: clipon.io
• **Tools Used:** HTML, CSS, Bootstrap, WordPress, cPanel
• **Description:** Developed a responsive, high-performance website for Clipon with seamless WordPress integration and cross-device compatibility.
• **Key Contribution:** Designed and launched a responsive front-end interface, ensured cross-browser compatibility, optimized performance, and aligned UI with brand guidelines.

SQUAREONE | Visit: squareonemea.com
• **Tools Used:** HTML, CSS, JavaScript, Bootstrap, PHP, WordPress
• **Description:** Built a modern, scalable website for SquareOne to highlight their services, partnerships, and tech vision, featuring a custom blog and dynamic content management.
• **Key Contribution:** Developed custom blog features, enhanced site performance and responsiveness, and optimized for SEO and cross-browser usability.

LILAC THERAPEUTICS | Visit: lilac.com
• **Tools Used:** HTML, CSS, Webflow
• Built a modern, responsive clinical website for a US healthcare client with smooth animations, fast load times, mobile optimization, and Webflow integration for easy updates.
